

Qualified Target Industry Tax Refund

The Qualified Target Industry (QTI) program provides an incentive for target industries to locate new facilities in Florida or to expand existing facilities in Florida. The program provides tax refunds of \$3,000 per new job created. The incentive is increased to \$6,000 per job if the company locates in a rural county or an Enterprise Zone. Higher awards are available to companies paying very high wages. To qualify for the QTI program, a company must create at least 10 new jobs (or a 10% increase for expanding Florida companies), pay an average of at least 115% of area wages, have a significant positive impact on the community and have local support.

If the business has a training program in place, a state training provider will supervise and manage the training program and serve as the fiscal agent for the grant funds. Reimbursable training expenses include: instructors'/ trainers' salaries, curriculum development, textbooks/manuals, and materials/supplies.
